

A Healing Gospel -2

“See that you despise not one of these little ones: for I say to you that their angels do always gaze upon the face of my Father who is in heaven”. Matthew 18:10

Jim LeBeau Certified Natural Healthcare Practitioner

For good health now and heaven later there are two things to get right: real food for the body; real food for the soul. Get these two right and you can be whole. “Incorruptible seed”, the word of Jesus, is real food for the soul. Food as God makes it is real food for the body. Together they have power to make and keep us whole if we don’t fragment and corrupt them. A healing gospel of nutrition-for-life doesn’t take away from anything but completes all things with Jesus, real food, mother’s milk, and love. Will it work? That depends. Do we serve God, or money? We cannot serve both (Matt 6:24).

If we serve money why heal anything? Profits in big food and fast food are in the trillions. Big medicine costs \$5 trillion a year, 18% of US GDP. With so much to lose why teach God’s children the powers of fasting, prayer, fresh food, enzymes, hydrogen (pH balance), water, herbs, mineral ratios, body systems balancing etc., even if it heals the “incurable”? Big pharma makes \$20 billion a year with insulin; \$30 billion with hypertension; \$450 billion with cancer; \$32 billion with arthritis; \$120 billion with MS, ALS etc. Pass the sick this way please! Why wake the sheep and lose all those profits?

The truth to save souls and America is HELL HURTS. Will heaven welcome a “sounding bass or tinkling cymbal” comfortable with the suffering of others? Will heaven welcome someone at ease with 150,000 arms and legs cut off each year from a preventable and curable disease, diabetes? “Love is patient, love is kind”. There is kindness in treating symptoms but more in

“teach the truth with love” (Eph 4:15) beginning with Jesus, mother’s milk, love. On a day not of our choosing there will be a reckoning, yet some will care, some won’t. With salvation all paid for by Jesus why be bothered? Oops - Matthew 25:31-46. “Whatsoever things you have done (or not) for these the least of My brethren, you have done (or not) for Me”.

Getting on the right side of heaven with kindness makes sense. Nobody wants to be a goat. What gives heaven more joy than *kindness to little ones*? Jesus loves them this we know, but do we? Babies need moms and dads who know God’s ways of life which means churches must teach it. Does yours? When everyone does their part the result is healthy babies and healthy lives. Obesity, junk food, extra-marital sex without commitment don’t cut it. Without respect for God’s ways of healthy life the seeds of deception bear “fruits” of children with “adult” diseases as sick-care costs drive America broke. God is not mocked. “A tree is known by its fruits”.

Notice babies as you are out and about. Are they strong enough to hold their heads up, or weak and limp? Do they look happy and confident, or confused and sad? Do their mothers look healthy while holding them close, or obese while holding them like a sack of potatoes?

If only one parent understands God’s ways for healthy families it must be mom. Nothing can replace mother’s milk and love. Every society that wants wholeness must get babies, motherhood, nutrition-for-life, and Jesus right. Year one sets the stage for every year that follows just as mineral rich soil sets the stage for healthy crops that follow.

If you want to show heaven that you care a good start is to ask your church to teach A Healing Gospel and the power and joys of motherhood.

The Power and Joys of Motherhood

“Be holy because I am holy” said the Lord.

God is in the baby business. All living things make babies each after its kind. Elephants, dolphins, dogs, cats, people, all love their babies. God sent a baby Jesus to earth with angels singing and wise men with gifts of *cancer fighting frankincense and myrrh* (for proof pubmed.gov). Does God’s plan for healthy babyhood mean less cancer for mothers and babies? Stay tuned for Part 3. For now imagine if all churches would teach boys and girls the *sanctity of the mother-infant relationship* as they learn about sex. Holiness needs to be taught, especially this. Here’s just a few of the many blessings that flow from God’s ways of kindness for mothers and babies.

- Mother’s milk and maternal-infant bonding are a package deal as fatty acids and microbes in colostrum get digestion off to a good start. Colostrum contains antibodies that transfer a mother’s immunity to a baby while its immune system is still developing. Mother’s milk is thus family specific. *Its blessings depend on the health of the mother.*
- The nutrition in mother’s milk is species specific. Cow milk has the perfect balance of elements a calf needs for big bones to run with first, a small brain later. Human milk is the opposite with a perfect balance to make a *big brain first*, bones later. God thought of everything!
- Luteinizing hormone not only supports milk production, it also contracts and heals the lower half of mom’s body stretched by childbirth to make everyone happy. It also inhibits ovulation to avoid a too soon next pregnancy. God thought of everything!

Did Jesus teach breastfeeding? He may have been thinking of His brothers and sisters breastfed by Mary when He said “Out of the mouths of nursing infants you have perfected praise” (Matt21: 12-17). If you are lucky enough to see a baby after breast feeding throw its arms back over its head in the “healthy baby” position you might begin to understand Jesus better. You might hear a barely perceptible m-m-m-m expressing unspeakable love as the edges of tiny lips turn up in a tiny smile. Blessed are those who do.

Unfortunately, only 25.8% of US babies are breastfed for six months. In some countries that goes up to over 80%, but it should be 99% everywhere. Millions of American babies have cried for their mother’s milk and love with not a drop or only a few weeks of this most perfect expression of heaven’s love. If all boys and girls understood what you’re reading here maybe they would appreciate breasts as God’s way of making *strong, beautiful babies* instead of sex objects! This will depend on churches that care enough to teach the sanctity of the mother-infant relationship.

For those who want to show kindness to babies that would surely bring a positive response from heaven *now is the time*. Now is the time to stand up for those “whose angels do always gaze upon the face of My father Who is in heaven. Of such is the Kingdom of God.” Mercy for babies and for those trying to avoid cancer in old age, it’s all connected. Stay tuned for Part 3. Jesus said “Heal the sick - be merciful - pray Thy Kingdom come ON EARTH as it is in heaven”. That requires kindness to little ones, now and always.
