The living Christ revealed Himself to me in 1978

Jim LeBeau, Fox Lake Wisconsin, www.phpower.org

At age 40 in 1978 after a sick childhood and an early life of stress and confusion I suffered a business failure that wiped out ten years of hard work. The bottom fell out of my life. I got serious with God. *What's going on here?* This makes no sense. The Holy Spirit led me to the words of Jesus in the gospels. Then came three revelations.

The FIRST was about the words of Jesus revealed in a dream as precious as mother's milk to a baby. I saw how our babies threw their arms up over their heads after nursing, then smiled. I knew the power of mother's milk and love. God used this to teach me the power of His words. The SECOND revelation was a vision of the living Christ John 14:21 *please read.* The THIRD was about health and healing. For more details see "revelations" page at phpower.org.

THE LIVING CHRIST - the night before my second revelation I held the feverish body of my 18-month-old baby girl in my arms as she cried fitfully. *My heart opened up to her and all of God's little ones as never before.* The next morning came a vision of the living Christ *in glory* as a Child leaping into the midst of adoring children - A-A-A-H-H-H!

Today my focus is on teaching God's plan for healthy beautiful babies and natural ways of healing needed to save America. "What you have done for these the least of My brethren, you have done for Me".

Let your body be your teacher!

Since 1990 I have been teaching a simple *self-testing* approach for a healthy "temple of God" (1Cor 3:16) with a focus on balancing key body systems. It's important to realize that personal health depends on a nation's health in many ways, so MAKING AMERICA HEALTHY AGAIN *must be a top priority for all Americans who want good health.*

But - MAHA won't work until…

RFK Jr. and Dr. Oz are trying to make America healthy but MAHA won't work until more of us wake up to the power of natural healing and MIRACLE CURES that don't depend on manmade chemicals or drugs. Big pharma spends billions trying to deny the healing power of anything God made to deceive "even the very elect" Matt 24:24.

A healthy America depends on Americans learning to trust God's ways to fertilize soil, grow food, feed babies, and heal. It's either learn to trust God or plan for more autism, cancer, mental disease, crazy stuff and *sick-care costs out of sight.* **All churches have a moral obligation to show mercy by teaching the consequences when the created try to outsmart the Creator** (Isaiah 45.9). We sing "How Great Thou Art". Why not trust His ways of life?

His Ways of Life	$$$ Cruel ways $$$
	Follow the money
Families connected to Jesus, God 's word, mother earth	**Families connected to artificial intelligence, data centers**
God's way to feed a baby and give life a good start	**Bottle with "formula"** "let them cry, it's good for their lungs"
God's ways to **fertilize soil** animal waste/plant decay etc.	**Artificial fertilizers** weakens plants and those who eat them
God's way of growing food regenerative agriculture	**Genetically modified (GMO), ultra-processed, chemically preserved etc.**
God's ways of healing with nature air, water, food, herbs, prayer, fasting, forgiveness, naturopathic	**Drug company way** artificial chemicals or patent medicines cannot replace healing power of creation

Download this and **"Miracle Cures"** from Healing Gospel page at phpower.org

Scripture supports God's ways of life. Here are a few examples. Gen 1:31; Job chapters 37-40; Psalms 19,24, 104, 139; Proverbs 3:5; Matthew 6:25-33.
